bolster the college's national standing while sustaining and  
embracing our century-old Catholic and Dominican mission.

### Wellness and Post-Graduate Success

Help strengthen health and wellness student services, offering confidential counseling, and building robust well-being and resilience coaching programs to help students navigate life's challenges. Enhancements to club and recreational sports will complement these efforts. This funding priority will also strengthen the bridge between students and our powerhouse alumni community for professional exploration and post-graduate successes.

### Slavin Center Renovation

The renovation of the Slavin Center will create a dynamic environment for students to connect, collaborate, and explore their passions. This investment in a key student-centered space will include positioning the Chirico Career Center as a central hub, creating a "town square" with office space for student groups and lounge space for gatherings, while also incorporating flexible spaces for events and programming.

THE CAMPAIGN FOR PROVIDENCE COLLEGE

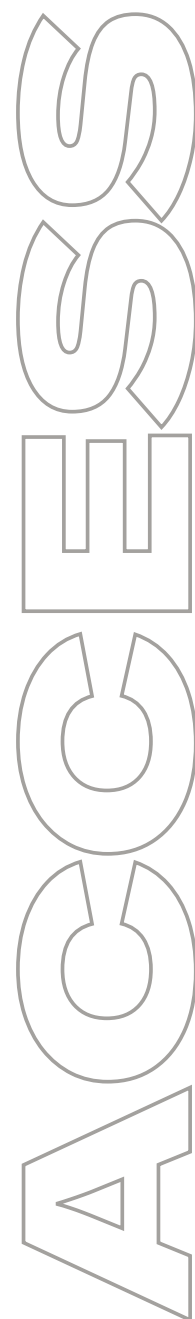

The **ACCESS** pillar represents the cornerstone of our mission and heritage. Investment here increases Providence College's institutional capacity to make the promise of a PC education possible for deserving students, regardless of background, and enriches the diversity of our community. Complementary inclusive excellence programs echo the love, empathy, and respect at the heart of our Catholic and Dominican identity.

With your help, access initiatives funded through Beyond Limits: The Campaign for Providence College could include:

## **Endowed Scholarships**

Help reduce the financial need gap and expand our recruitment presence in national markets and diverse areas through increased scholarship. Endowed scholarships increase access in perpetuity, ensuring that every student can receive a PC education, regardless of financial situation. Endowed scholarships also strengthen PC's long-term financial health by adding to the endowment and reducing our dependency on tuition revenue.

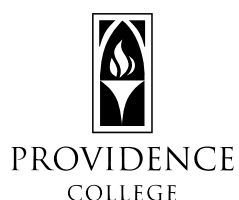

### **Cristo Rey Scholarships**

Broaden our partnership with the Cristo Rey Network, which includes 40 Catholic high schools located in low-income, urban areas. These scholarships meet 100% of a student's demonstrated financial need for four years. Recipients are chosen based on academic accomplishment, financial need, character, involvement, and potential for leadership. These scholarships help PC attract top talent from all corners of the U.S. and every socioeconomic sector.

### **Posse Scholarships**

Help grow our collaboration with Posse, a premier college success and youth leadership development program. Posse seeks out high caliber students who can excel at highly selective colleges but who may be missed by traditional recruitment criteria. Providence College, along with other Posse partner colleges across the country, provide full-tuition scholarships, faculty mentoring, and additional support such as counseling, training, and group programming. Investing in PC's partnership with Posse expands our recruiting reach, and supports Posse students who are poised to become leaders at PC and beyond.
